Autumn 2
Year 3

Health and Wellbeing

What keeps us safe?

Children will learn:

- how to recognise hazards that may cause harm or injury and what they should do to reduce risk and keep themselves (or others) safe
- how to help keep their body protected and safe, e.g. wearing a seatbelt, protective clothing and stabilizers
- that their body belongs to them and should not be hurt or touched without their permission; what to do and who to tell if they feel uncomfortable
- how to recognise and respond to pressure to do something tha makes them feel unsafe or uncomfortable (including online)
- how everyday health and hygiene rules and routines help people stay safe and healthy (including how to manage the use of medicines, such as for allergies and asthma, and other household products, responsibly)
- how to react and respond if there is an accident and how to deal with minor injuries e.g. scratches, grazes, burns
- what to do in an emergency, including calling for help and speaking to the emergency services
